EXPERIENCE

Software Engineer

Sevina Technologies

📅 02/2025 - Present 📍 Ahmedabad, India

- Building scalable full-stack applications using **.NET Core**, **Entity Framework**, **SQL Server**, and **Layered Architecture**.
- Leading the development of new modules in **healthcare**, **transport**, and **API-based systems** from scratch.
- Assigning tasks to new developers, mentoring them, and reviewing daily progress.
- Working closely with the project manager to translate business requirements into technical solutions.
- Applying clean coding principles and design patterns like **Repository** and **Unit of Work** for maintainable code.
- Focused on performance, clean architecture, and code reusability across modules.

Associate Software Engineer

Sevina Technologies

📅 11/2023 - 01/2025 📍 Ahmedabad, India

- Developed and maintained full-stack web applications using **.NET Core**, **Razor Views**, and **SQL Server**.
- Contributed to live projects in **e-commerce**, **HR management**, and **property management** domains.
- Created and optimized databases, designed application layers, and implemented business logic.
- Worked independently and in collaboration with a team member to deliver complete solutions.
- Applied industry-standard practices such as **Dependency Injection**, **Layered Architecture**, and reporting using **RDLC.**

TRAINING

07/2023 - 10/2023

Ahmedabad

Full Stack Web Development Training

QSpiders Software Training Institute

Learned front-end technologies: HTML, CSS, JavaScript
Learned back-end development using ASP.NET Core, SQL

TECHNICAL SKILLS

Languages & Technologies

C#, HTML, CSS, JavaScript, jQuery, SQL

Frameworks & Tools

.NET, ASP.NET Core, Web API, ADO.NET, Entity Framework Core, RDLC, Razor Views, Bootstrap, Git

Database

SQL Server, MySql

IDE & Utilities

Visual Studio, Postman

EDUCATION

2023 - Present

Master of Technology in Computer Science

Technocrats Institute of Technology, Bhopal

2020 - 2023

Bachelor of Technology in Computer Science

Technocrats Institute of Technology , Bhopal

GPA **8.3** / **10**

2017 - 2020

Diploma in Information Technology

Sardar Vallabh bhai Polytechnic College, Bhopal

GPA **7.9** / **10**

2016 - 2017

High School

Takshshila Vidhya Bhavan Hr. Sec. School, Mandideep

GPA **8.8** / **10**

PERSONAL PROJECTS

Assigned Task Application

View Project
.NET 8, ASP.NET Core MVC, Entity Framework Core, Razor Views, SQL Server

- Created manager/employee dashboards and added notification logic.

- Built a task management system for assigning, updating, and tracking tasks within a team.

- Includes role-based access (Manager & Employee)

- Managers can assign tasks (individual/team), track status, and view team progress.

- Employees can update task status and collaborate through comments and attachments.

- Implemented layered architecture, repository & Unit of Work patterns for maintainability.

Tennis Court Booking Application

View Project
.NET 6, ASP.NET Core MVC, Entity Framework, SQL Server

- Developed a web-based system with separate user and admin modules.

- Users can create, edit, delete bookings and manage their profiles.

- Admins can manage court availability, approve/reject bookings, and edit court details.

- Implemented CRUD operations using MVC pattern with database-first approach.

- Applied responsive UI for user-friendly interaction.

DEPLOYED PROJECTS

EduWave (CRUD Student Management) – Built in ASP.NET Core MVC and deployed on **somee.com** with online SQL DB and SSL setup
View Project

Talkify (Real-Time Chat App) – Implemented using **SignalR** for two-user chat; deployed on **somee.com** as a learning exercise
